

Profile

Steve Olsen

Group President, Depository Institution Services

Steve Olsen, Group President, Depository Institution Services for Fiserv, Inc., oversees half the company, including internet banking, electronic bill payments as well as financial institution account processing. Olsen was promoted to this position in December 2008 as Fiserv restructured from four large business units to two. He is the first person to hold this position at Fiserv.

Before December, Olsen was Group President of Internet Banking and Electronic Payments, managing enterprise strategies for retail and commercial online banking, electronic billing and payment, biller services, commercial cash management, and treasury services. He earned this position in December 2007, when Fiserv acquired CheckFree Corporation.

At CheckFree, Olsen was Chief Operating Officer, responsible for overseeing the company's three operating divisions, Electronic Commerce, Software and Investment Services, including day-to-day operations of approximately 3,500 associates across 28 locations worldwide. Additionally, Olsen served as Chief Information Officer, promoted in June 2005, and was responsible for the Company's development and technology operations. Olsen directed the long-term technology strategy for CheckFree, leveraging corporate assets to build and maintain world-class technology products and technical infrastructures.

Prior to that, Olsen served as Executive Vice President and General Manager for CheckFree's Electronic Commerce division, managing the strategic direction, business development, and daily operations of the division's financial electronic commerce solutions for banks and other consumer service providers, billers and merchants.

Before CheckFree, Olsen spent seven years with Dun & Bradstreet Software (D&B) as Vice President and Chief Information Officer. He was responsible for developing, implementing and supporting complex information systems in a large corporate environment. Earlier, Olsen spent eight years with McCormack & Dodge Corporation.

In May 2001, Olsen was named Georgia CIO of the Year in the Global Category by CIO magazine. In addition, the CIO Forum named Olsen as one of the Top Financial IT Executives of 2001-2002. Olsen was selected as a Premier Top 100 IT Leader for 2007 by Computerworld magazine.

Olsen has a bachelor's degree in business administration from the University of Massachusetts.
