

We're defining
a focused path
for growth.

Advisory Services for Financial Institutions.

In a world changing faster than ever before, Fiserv offers industry expertise, strategic leadership and innovative technology to help you differentiate your organization. Advisory Services from Fiserv promotes time and cost savings, reduced risk and the discovery of new sources of revenue.

Maximizing Business Performance

Fiserv experts consolidate business data and transform it into useful, actionable business insights – finding ways to drive growth, optimize efficiency and manage risk and compliance requirements. Together, we create opportunities that enhance your business goals.

A Focused Approach on Business Results

We drive **consumer growth and adoption** with data-driven tools to identify opportunities through:

- Strategic planning services
- Benchmarking services
- Market opportunity assessment
- Product portfolio optimization
- Performance analytics

We help promote **operational efficiency** using processes that lead to increased profitability through:

- Business process improvement
- Core specification services

We enhance **compliance and risk management** strategies to create confidence and improve processes through:

- Risk and fraud management services
- Custom configuration services
- Compliance system services

Fiserv is committed to delivering technology solutions and expertise that create value for your financial institution and your customers. Together, we create strategic insights that lead to profitable actions.
