

GLORY Teller Cash Recyclers

Empower Branch Tellers to Provide Faster, More Efficient Service

Customers expect speed and efficiency at your branches – they don't want to wait while cash is manually counted. Glory teller cash recyclers, offered by Fiserv through a partnership with Glory Global Solutions Inc., expedite cash-handling and enable tellers to provide superior service.

Fiserv is driving innovation in Payments, Processing Services, Risk & Compliance, Customer & Channel Management and Insights & Optimization. Our solutions help clients deliver financial services at the speed of life to enhance the way people live and work today. Visit fiserv.com to learn more.

Fiserv, Inc.
255 Fiserv Drive
Brookfield, WI 53045

Glory teller cash recyclers accept, count, authenticate, store and dispense cash. Cash placed into the feeder passes through a bill identifier, which determines denomination and verifies authenticity.

Bills are stored in cassettes or modules for dispensing in future transactions. Cash availability is monitored electronically for improved cash management. Glory teller cash recyclers can greatly reduce the time tellers spend on each transaction, freeing them up to better serve customers.

Key Features

- Easy-to-use, large touchscreen display
- Smart counting functionality
- Proven ergonomics for tellers
- Low cash rejection rates
- Small footprint and service area
- Intelligent note handling and flexible note storage
- Performance monitoring and remote device management
