

Mobile Bill Presentment

Allow Your Customers to View and Pay Bills Using Their Mobile Wallets

Mobile Bill Presentment from Fiserv improves payment velocity and lowers your operating costs while providing customers a simple and effortless way to receive and pay bills.

Now your customers can receive bills directly to their Apple Wallets, making their bills always available and up to date. It's a great way to save paper and improve payment velocity while creating a convenient, customer-centric billing experience.

A top reason people pay late is they simply forget. Now, your customers can keep your bill at the tip of their fingers – and top of their mind.

Key Benefits

For Consumers

- Simple and effortless bill pay experience
- No app to download - bills are accessed on a device they use daily
- Reminders ensure they never miss a bill or forget a due date

For Billers

- Lower operating costs via increased paper suppression
- Notifications accelerate payments and improve consumer satisfaction
- Reach your mobile audience in relevant, meaningful ways
- E-bill integration with your customer's bank compliments the mobile app

Features

- Bill branded with logo and color scheme
- Frictionless consumer acquisition via email, QR code, biller site or app
- Bill automatically updates in the wallet every billing cycle
- New bill and bill due notifications
- Pay bill link
- View bill link

See How it Works

Options for Saving

Sign up and save 12% on your energy bill each year you participate in Conserve Plus.

It's Easy.
Hot summer days mean increased air conditioner use, pushing demand for electricity to a peak. By participating in Conserve Plus, you'll help us manage these peaks by cutting back a bit on the time your air conditioner works to cool your home.
